

# PORTABLE OUTLET BOX DEVICES

## Portable Outlet Box

- Designed for the entertainment, event, facilities & construction industries.
- Extremely rugged non-conductive enclosure. Won't crack. Crush-proof.
- Molded from a unique thermoplastic polyester elastomer meeting all UL requirements for electrical enclosures.
- Much higher quality than typical rubber or plastic outlet boxes.
- Recessed receptacle protects outlets and flip covers from damage yet still allows flip covers to open 180° enabling the use of cube taps.
- Hex shaped opening prevents compatible strain relief from working loose.
- Compact all-black design is easy to conceal.
- Brass threaded inserts allow easy assembly and prevent damaged threads.
- 4 models to choose from:

POB	Standard Pass-Thru
POB-D	Standard Pendant
POBF	Fused Pass-Thru
POBF-D	Fused Pendant

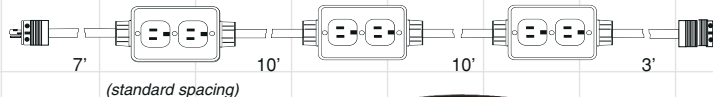

\*Fused models accept class CC midget fuses.

- Build your own portable outlet box device using a wide range of available receptacles, covers, strain reliefs and other accessories. Contact your AC Power Distribution Dealer for details. Pre-wired assemblies also available.

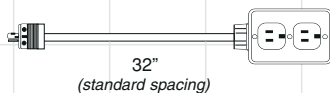

## Power Stringers®

- Perfect for distributing temporary power at any event or venue.
-  Listed assemblies. Numerous standard & custom configurations available.
- 20amp and 30amp versions meet NEC codes. Now you can legally use a 30amp plug to feed any typical booth stringer.
- Options include GFCI, flip covers & weather resistant versions.
- Color coded strain relief for easy phase identification.
- See back page to design your  Listed Power Stringer.

## Power Pendants®

- Provides a quick and convenient way to tap temporary power systems.
-  Listed assemblies. Numerous standard & custom configurations available.
- 20amp and 30amp versions meet NEC codes.
- 3Ø versions are color coded for easy identification.
- Options include GFCI, flip covers & weather resistant versions.
- See back page to design your  Listed Power Pendant.

 Listed Power Stringer & Power Pendant assemblies are sold as complete units and available only through select distributors.
